

## GENERAL JONAS ŽEMAITIS MILITARY ACADEMY EXPERTS GUIDE

**Dr. Andrius  
Garbaras**

Associate Professor,  
Research Group on  
Logistics and Defense  
Technology Management  
andrius.garbaras@lka.lt

### **Education:**

- Bachelor in Physics and qualification of teacher of Physics, (Vilnius University, Lithuania), 2002
- Master in Physics, (Vilnius University, Lithuania) 2004
- Ph.D. in Physics, (Vilnius University, Lithuania), 2011

**Biography:** Andrius Garbaras is an Associate Professor in the General Jonas Žemaitis Military Academy of Lithuania, where he is working since 2020. He completed PhD in the Institute of Physics (in 2011), and continue to work as senior researcher in Mass Spectrometry laboratory in Center for Physical Sciences and Technology.

**Area of Expertise:** Environmental Sciences, Aerosol particles, Materials origin identification.

**Research interest:** Isotope ratio mass spectrometry applications in ecology, forensics, archeology, geology.

**Publications/ Projects:** Andrius Garbaras published more than 50 scientific articles in the peer reviewed journals (Scientific reports, Environmental Sciences and Technology, and others). He was leading in international projects, supervised bachelor, master and doctoral level students.
